

Cathedral Strengthening Prayer

God, revealed to us in Jesus Christ,
we are your people, the sheep of your flock.

Though bearing scars of imperfection,
we know we are loved and wanted for ourselves.

Keep us together in this time of uncertainty
as we seek to secure our cathedral from earthquake damage.

Strengthen our faith in the abundance of your love and mercy
and in the protection of our Immaculate Mother to whose
care we have consecrated ourselves.

Even as we pray for our own need, keep us mindful of the
needs that surround us. Through generosity of spirit may hope
never fail and peace and justice prevail for all.

In the name of Jesus, we pray. Amen.
